California Multiple Award Schedules (CMAS) offer a variety of commodities and services at prices that have been assessed to be **fair, reasonable and competitive**. Orders placed against a Multiple Award Schedule are considered to be issued using fair and open competition. Therefore, ordering offices need not seek further competition or make a separate determination of fair and reasonable pricing. The use of these contracts is optional and is available to both California State and Local Government agencies. Agencies may contact and issue orders to Romtec Utilities directly.

The CMAS contract includes all Romtec Utilities lift stations, pump stations, products and services. They are structured to comply with California procurement codes, guidelines and policies. For information call or go online to our website, www.romtecutilities.com.

Romtec is pleased to provide design, supply and installation. Through the above listed CMAS contract, any California State or Local government agency can enjoy the professional supply, design and installation services of Romtec Utilities. Contact Romtec to discuss how we can provide and install your project within budget and on time.
